

## ACCREDITATION STATEMENT

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME). ASDS is accredited by ACCME to provide continuing medical education for physicians.

## AMA PRA Category 1 Credit(s)<sup>™</sup>

ASDS designates this live activity for a maximum of 22.50 *AMA PRA Category 1 Credit(s)*<sup>™</sup> for the ASDS Annual Meeting. Attendees at the Pre-Conference Chemical Peel Workshop and the Pre-Conference Hands-on Cadaver Lab: Facial Anatomy for Cosmetic Injections session can claim an additional 6.50 hours for a maximum of 29.00 *AMA PRA Category 1 Credit(s)*<sup>™</sup>. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

## Post-graduate Credit for Other Medical Societies

Appropriate credit for attendance should be ascertained and reported by the individual physicians to the particular state or medical society to which he or she belongs.

## Collection of Financial Relationships

ASDS collects information from all planners, faculty and others in control of educational content about all their financial relationships with ineligible companies (companies whose primary business is producing, marketing, selling, re-selling or distributing healthcare products used by or on patients) within the prior 24 months. There is no minimum financial threshold; individuals must disclose all financial relationships, regardless of the amount, with ineligible companies. Individuals must disclose regardless of their view of the relevance of the relationship to the education.

## Identifying and Mitigating Relevant Financial Relationships

ASDS reviews all disclosed financial relationships to determine relevance. Financial relationships are relevant if the educational content an individual can control is related to the business lines or products of the ineligible company. All relevant financial relationships are mitigated prior to the start of all educational activities.

## Disclosure of Financial Relationships

Financial relationships are disclosed to learners prior to the start of the educational activity via publication and/or disclosure slides and/or verbal disclosure. Disclosure provides learners with information so that they can make their own determination whether or not disclosed relationships influenced the content of an educational activity.

## Unapproved Use Disclosure

Faculty are required to disclose to learners when off-label use of products or procedures are being discussed (not approved for the indications being discussed) or experimental and/or investigational (not FDA-approved). These disclosures are intended for continuing medical education, not to promote off-label use of products/procedures. If attendees have questions, they should contact the medical affairs department of the manufacturer for the current approved use information.

## Disclaimer

Attendees understand that medical knowledge is constantly evolving, and that the views and techniques of faculty are their own and may reflect innovations and opinions not universally shared. The views and techniques of faculty are not necessarily those of ASDS but are presented to advance medical education and should be based on best available medical evidence. ASDS disclaims any and all liability arising out of information presented in this educational activity, and also disclaims any and all liability for injury or other damage resulting in any way from attendance and participation in this educational activity.

<b>Total Max Claimable for Pre-Conference + Annual Meeting, October 16-20, 2024</b>	<b>29.00</b>

## Purpose

The purpose of the Society's overall CME program is to:

- Provide physicians performing dermatologic surgery with a forum for the exchange of ideas and methodologies in dermatologic surgery and related medical and basic sciences.
- Improve physicians' competence, procedural performance and patient outcomes in all aspects of clinical dermatologic surgery.
- Increase the body of knowledge existing in the field of dermatologic surgery.

## Audience

The primary target audience of the ASDS CME program includes the Society's more than 6,400 members. Secondary audiences include members of the American Academy of Dermatology and other membership organizations who are dermatologists but not ASDS members. The ASDS CME program is designed for physicians; however, some activities include subject matter (e.g., basic science, coding, practice management) that may provide learning opportunities for other members of the medical practice team.

## Educational Activities

The following live and on-demand educational activities are offered by ASDS for CME credit:

- The Annual Scientific and Clinical Meeting
- Regional in-person educational courses
- Live and on-demand activities on the Society's learning management system, *ASDS Learn*

## Other educational activities and content not designated for CME include:

- The Premier Annual Resident Cosmetic Symposium, a live, in-person educational activity
- On-demand content on the Society's learning management system, *ASDS Learn*
- The Society's online member community, *ASDS Connect*
- The Society's peer-reviewed journal, *Dermatologic Surgery*
- Research funded to promote the goals of the Society and the interests of the specialty
- Educational exchange programs

## ACGME / ABMS Desirable Physician Attributes and Competencies

ASDS acknowledges the need for CME content to be designed within the context of desirable physician attributes as expressed by the ACGME / ABMS Core Competencies and the Dermatology Residency Committee. ASDS develops the content of educational activities to address the ACGME / ABMS Core Competencies.

- **Patient Care** that is compassionate, appropriate and effective for the treatment of health problems and the promotion of health.
- **Medical Knowledge** about established and evolving biomedical, clinical and cognate (e.g., epidemiological and social behavior) sciences and the application of this knowledge to patient care.
- **Practice-based Learning and Improvement** that involves investigation and evaluation of their own patient care, appraisal and assimilation of scientific evidence, and improvement in patient care.
- **Interpersonal & Communication Skills** that result in effective information exchange and teaming with patients, their families and other health professionals.
- **Professionalism** as manifested through a commitment to carry out professional responsibilities, adherence to ethical principles and sensitivity to a diverse patient population.
- **Systems-based Practice** as manifested by actions that demonstrate an awareness of and responsiveness to the larger context and system for health care and the ability to effectively call on system resources to provide care that is of optimal value.

## Expected Results

The expected results of the ASDS CME program are to improve attendee / participant competence, performance and patient outcomes; and enhance attendee / participant procedural, communication, practice management, professional and leadership skills.

# Claim Your CME on ASDS Learn
